From the Publisher

Welcome to the 1st annual edition of the West Nassau Town Planner Community Calendar. This FREE community resource is made possible by the local businesses displayed each month. Please show your appreciation and patronize them, while LETTING THEM KNOW you saw their ad in the Town Planner!

I am often asked what makes Town Planner different from other publications in our community. Quite simply.... WE PUT OUR FAMILIES FIRST! The calendar is designed and produced largely on the annual feedback from people like you, the residents of our community. My goal is to provide the community with an invaluable resource that will be retained, utilized, and appreciated. It only makes sense to listen to local residents who make it a part of their everyday lives year-round. Would you agree?

With that essence of community, please take a moment to send us your feedback. Visit MyTownPlanner.com and take the 3-minute feedback survey. This year, one (1) family participating in the survey will win \$500! Your feedback ensures we are putting the right touch on YOUR CALENDAR!

One final thought. Our daily lives continue to evolve given the presence of the digital connection. It's a priceless tool that connects us to virtually anything and anyone at a tap of our fingers. But sometimes burying ourselves in the glow of our smartphones leads us to temporarily forget the importance of face-to-face, personal interactions which provide meaningful moments and lasting memories. In that spirit, we are promoting the grace which exists in the real world around us. We believe it all starts with random acts of kindness.

In this coming year, if you or someone you know has performed a random act of kindness, please tell us about it. That kindness makes you eligible to win a prize such as a Roku, Amazon Echo, Google-Home Mini, or a gift certificate from one of our local businesses. All you have to do is visit MyTownPlanner.com and let us know.

We at Town Planner feel privileged to serve our community. Have a healthy and happy 2020!

Calendar Photo Credits

Aerial POV, owned and operated by Phillip Gable, is a complete Drone Photography and Videography service operating in Florida and Georgia. Known for the unique, more dramatic and compelling perspectives and angles he captures, this exceptional photographer is well regarded and specializes in all facets of photography and videography, including residential, commercial, nature and lifestyle. Aerial POV generates a sense of awe and interest that you simply can't get from ground-based photography. Aerial POV is FAA Part 107 Certified and insured by SkyWatch.

"Aerial POV was born through my love of aviation, photography and video. The idea of being able to put a camera anywhere in 3-dimensional space without having to get in an aircraft was fascinating and intriguing. I started out flying my drone for pleasure and began offering photos and videos of people's property and houses. The results have been extremely positive and have led to this successful small business venture."

Founded in 2018, Aerial POV specializes in capturing images and video in a style that is modern yet timeless, interesting and vibrant, with a focus on delivering a professional product both the client and Phillip are proud of. He uses his experience, skills and knowledge to ensure your photos and videos are exactly the way you want them to be. Photography and videography is a lifelong passion for Phillip and this is reflected in the stunning images and engaging videos he produces. His approach guarantees an effortless experience with high-quality results.

Aerial POV's work has been featured in music videos, business advertisements for social media and television, decor in high school gymnasiums, yearbooks, fair booths and beyond!

Aerial POV Owner Philli Gable and family.
